Save the Children

**Our gift contributes to
Save The Children's health
and nutrition projects, because
we believe no child should die
from preventable and
treatable illnesses.**

**Our donation will guarantee
essential medical treatment
and proper nutrition to
thousands of children, in Italy
and in the world.**

Save the Children

Dear friend,
with Christmas holidays we decided
to share our commitment and our
work supporting Save the
Children. Merry Christmas and
happy New Year!
