Dear Valued Customers,

We're thrilled to announce that a brand-new **Version 2.0.0** of our Qualyfan Selection Software is now available for download! This release marks a significant milestone in our commitment to providing you with the best tools for efficient and effective selection processes.

#### What's New?

Our latest release comes packed with exciting features and enhancements designed to streamline your selection process and improve overall performance. Here's a glimpse of what you can expect:

- **Enhanced User Interface:** We've revamped the user interface to make it more intuitive and user-friendly, ensuring a smoother experience for all users.
- **Improved Performance:** With optimized algorithms and performance enhancements, the new version offers faster processing and improved reliability.
- **Expanded Database:** We've amplified our database with the introduction of performance curves for fans equipped with blade type A, providing more comprehensive data for

your selection process.

- **Cloud Saving:** Now, you have the option to save your selections and projects in the cloud, ensuring accessibility from anywhere and facilitating collaboration among team members.

#### **Important Update for Existing Users:**

If you're currently using an older version of Qualyfan Selection Software (up to v.1.2.7.2022), you have the option to continue using it. However, please note that there will be no further updates or support for the old versions moving forward. We highly recommend upgrading to the latest version to take advantage of the new features and improvements. You can download the new release from our website [here](#).

For more detailed information about the software, its installation and its features, please refer to the updated manual available [here](#).

#### **How to Upgrade:**

Upgrading to the new version is simple! Just follow these steps:

- Visit our website and navigate to the downloads section: [download Qualyfan](#)
- Fill in the form and click on the 'Send' button.
- You'll receive a 'Download Qualyfan' link to the set-up file by email from [qualyfan@hwventilation.com](mailto:qualyfan@hwventilation.com)
- Once installed, you'll have to register: create an account, by filling in your company name, user name and email address.
- Once you'll receive a license confirmation email, run again the program and fill in your email address and chosen password. You're now ready to enjoy all the benefits of our latest release!

#### **We're Here to Help:**

If you have any questions or need assistance with the upgrade process, our support team is here to help. Feel free to reach out to us via email at [qualyfan@hwventilation.com](mailto:qualyfan@hwventilation.com) and we'll be happy to assist you.

Thank you for choosing Qualyfan Selection Software for your selection needs. We're confident that you'll love the new features and improvements in our latest release!

Best regards,

**HW Ventilation s.r.l.**
