

FAN CASINGS

CUSTOMIZED CASINGS FOR COMPLETE AXIAL FANS

Customized cylindrical casing for complete axial fans

Customized cylindrical casing for complete axial fans

Casing:

Short or long casing made of steel sheet, with fixing flanges.
The casing can be treated with epoxy paint to prevent corrosion and rust.
AISI Inox 304-316 available upon request.
Depending on the casing length, the motor can be totally (long-casing) or partially (short-casing) inside the casing (see Dimensions).
